

Cisco Systems Partnership At-A-Glance

Cisco Systems - the worldwide leader in networking for the Internet - together with Alliant Technologies have built a strong, long-term relationship enabling us to provide our joint clients with industry-leading technology solutions. Alliant Technologies provides Cisco-certified engineering resources for design, cutover, training and lifecycle support - CCIE's, CCNP's, CCNA's, and CCVP's. Alliant Technologies' best-practice installation services ensure your Cisco solutions will be fully integrated with your existing infrastructure and business processes.

Alliant also monitors and maintains your Cisco hardware via our Aware IT Support Services. The engineers at our 24/7 Network Operations Center manage your Cisco equipment throughout its lifecycle.
